

IMPORTANT NOTE

Spectra® IV Series Dome Drives

Upon initial installation of a Spectra® IV dome drive into a Spectra III™ SE back box, the dome drive and back box will automatically reformat. Any information that was previously stored in the back box memory or the dome drive will be lost.

Subsequent Spectra IV dome drive installations into the reformatted Spectra III SE back box will not reinitiate the reformatting of the dome drive and back box.

 **Green** The materials used in the manufacture of this document and its components are compliant to the requirements of Directive 2002/95/EC.
